

Lull Telehandler Part

Lull Telehandler Part - Lull telehandlers have been providing precision load placement ever since nineteen fifty nine. Whether the work entails landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler will help make the job go faster and easier. These units are available along with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull is able to provide 80 inches of boom travel for precision placement functionality. There are even numerous optional Lull attachments for their telehandlers in order to help complete whichever job.
